

# KDSA CLUB CIRCULAR

## # 03/10

### TEAM NOMINATIONS

To: All Club Secretaries

As advised in the registration pack sent out on 29/01/10, Teams are nominated for the Main Winter Competition and Cup/Shield Tournaments in the Team Nominations section of the Player Administration System. Team nominations for the following competitions will be extracted from the Player Administration System on 19/02/10:

- Men (MAA, M35, M45)
- Men's Shields (MAA, M35)
- Women (WAA, W35)
- Junior Girls (G8-18)

At this stage there are very few team nominations in the system so it is going to require focus over the next 3 days.

You also need to provide the Requested Division for each nominated team. This is either be done individually within each team definition by filling in the Requested Division field, or per age group from the Team Division Requests section of the Player Administration System.

The following clubs still have some age groups defined incorrectly, as highlighted in red in your Player Administration System:

- Barker Old Boys
- Corpus Christi
- Dalleys
- Highfield Family
- Hornsby Heights
- Knox Old Boys
- Kissing Point
- Lane Cove West
- North Sydney AA
- Sacred Heart Mosman
- University of Technology

It should only take a few minutes to rename the age groups in the correct format. Only teams in valid KDSA age groups can be nominated so it is important to take a few minutes to fix this.

Please can you also check your team names. Most clubs have some errors. This is done in the Team Admin section of the Player Administration System. If the "In Draw" column says **Invalid Team Name** then position your cursor over **Invalid Team Name** and it will tell you why there is an error. Each error should only take one minute to fix.

There is no need to focus on Junior Mixed this week. U12-18 team nominations are only due on 26/02/10 and U06-11 team nominations are only due on 19/03/10.

In summary, by 19/02/10 for Men, Men's Shields, Women, and Girls you need to:

1. Check that all your age groups are valid KDSA age groups.
2. Check that all your team names are valid.
3. Define teams.
4. Nominate all required teams for the main Winter competition or Shield.
