

# KDSA CLUB CIRCULAR # 06/10

10<sup>th</sup> March 2010

## Team Nominations SSF U06-11, Junior Shields, STRs

To: All Club Secretaries

The last remaining Junior Mixed nominations for the 2010 season are due on 19/03/10. Because many Junior Mixed teams only firm up in March we have pushed these deadlines out as far as possible. However, we now need to start working towards the draw so please can all clubs ensure that the nominations described below are in by latest 19/03/10.

- Small Sided Football (SSF) U06-11
- Junior Shields U14, U16, U18
- Special Time Requests

### **SSF U06-11**

As advised in the registration pack sent out on 29/01/10, teams are nominated for the Main Winter Competition in the Team Nominations section of the Player Administration System. Team nominations for SSF U06-11 will be extracted from the Player Administration System on 19/03/10.

In order to nominate teams, they first need to be defined in the Team Admin section of the Player Administration System (players can be allocated to teams at a later stage).

As per last year, SSF teams need to be assigned an estimated Grade on a scale of 1-4. This is done in the Team Division/Grading Requests section of the Player Administration System (note that only nominated teams can be assigned Grades). If you assigned "Requested Divisions" to your SSF teams a while ago then please can you review them because it did allow requests outside the range 1-4. The Player Admin System has now been enhanced - it also provides detailed guidelines on how to assign appropriate Grades to your teams so it is worthwhile reviewing your Grades in this light. The more care you take to assign appropriate Grades, the more likely we are to avoid score blowouts in the first 5 rounds of the season.

Reminder: all U06-09 teams need to be given non-hierarchical names. The validation test in the Player Admin System is not comprehensive so it is possible to "fool the system" by using lower case letters or leaving out the zero in the age group, e.g. it will allow you to name your teams as u09a or U6A. Please avoid any names that look hierarchical even if the system allows you to use them.

## **Junior Shields U14, U16, U18**

Teams are nominated for the Shield Tournaments in the Team Nominations section of the Player Administration System. Team nominations will be extracted from the Player Administration System on 19/03/10. If you have a Shield team that will be a composite team where players are drawn from more than one Winter Competition team then please nominate the team with which the majority of the player are registered.

## **Special Time Requests (STRs)**

STRs must be submitted using the form "2010 Special Time Request form". The relevant sections of the by-laws have been included in this form for easy reference. STRs must be submitted by 19/03/10 so that we can accommodate these requests in the draw.
