SMALL SIDED FOOTBALL GROUND CONTROLLERS - CODES OF CONDUCT

Members,

Unfortunately we recently had an incident whereby parents engaged in arguments with a Ground Controller after he / she requested that SSF rules be followed in relation to Coaches being on the field.

KDSA Executive have requested that I remind all parents /spectators / Coaches and Managers

That;

1. No parents/ Coaches on the field
2. Codes of Behaviour are to be strictly observed
3. The Ground Controller is the KDSA representative at the grounds without whom there would be no SSF. The KDSA takes a very serious view on threats and abuse against all officials including the Ground Controller and Ground Manager

Should anyone have an issue with a Ground Controller or Ground Manager a complaint should be addressed to their own club who may or may not think it appropriate to be on forwarded to the General Manager of KDSA. Please do not engage in arguments or contradict / ignore directions or requests from a Ground Controller / Ground Manager.

The SSF Manual link below clearly sets out the SSF Rules and Codes of Conduct.
